Cost of Co. Institute to Co. \$100

Cost of same to teachers (Enrollment) \$249

Cost of same to School Corporations \$1066.00

Total Cost \$1415.00

The above expenditures show the importance of the schools to the county. The amounts contributed to hold the county and township institutes should make them worth while. Teachers attend these to grow. The community helps in a substantial manner to support the same. For teachers to attend institute, occupy a rear seat, lament the time wasted in hearing lectures, is certainly not in keeping with the modern spirit of education. After a period of relaxation, the mind loses its tone and strength, like an unused muscle. The mental powers go to rust through inaction. We need new inspiration and we find it at the county institute.

He Could Hardly Wear His Clothes

Alvis Sowers, Ada, Ind., endured terrible pains in his back and through his kidneys for eight years before he finally used Foley Kidney Pills. He says: "I would bloat up at times so that I could hardly wear my clothes. Secretions were scant and very red. Foley Kidney Pills were recommended to me, and the first box removed the pain and after taking only three boxes the bloating was all gone and has never bothered me since." Just about everybody who has used Foley Kidney Pills is anxious to recommend them. From every state in the Union come letters praising Foley Kidney Pills, because they so tone up and strengthen the kidneys that by their vigorous, healthy action all the ill results of sore, weak, ailing kidneys and irregular bladder action are lost in a return of health and vigor. Swollen, aching joints and rheumatic pains quickly yield to their healing, curative qualities.
